SOUTHEASTERN MICHIGAN DISTRICT

## Extensive Changes on Tap for the 2012 Southeast Michigan Muthig Jr. Qualifier, including outdoor play and limited draws!

Why outdoors? Our Jr. Competition Committee believes that our players advancing to the Midwest Closed Outdoor Championship would compete better by getting more outdoor play experience.

Why limited draws? Our Jr. Competition Committee believes the Qualifier is our Southeast Michigan District Championship for players 12-18 years in age, not to be entered by all, but rather to be achieved by year round tournament participation.

## *Greetings from your new District President...*

As the swallows return to Capistrano, so do the tan bellied snow birds, migrating up the I-75 corridor back to their home court advantage in Michigan. I too will be in that flock this spring, returning just in time for the rites of spring. This was the first year for me to migrate, and escape the winter of 2011-12 that never came. Timing is everything. One thing my wife and I did learn though, is that tennis is a universal sport and great tool for social networking. Some people communicate by Facebook or Twitter, but my wife sends a message up the alley with a two-handed backhand. Not bad for a 2.5 woman. If nothing else, she helped the economy with the discovery of a new source for skorts and tennis tops. Tennis is a great sport and people play for different reasons. Some play for exercise, some for the social aspect, some need the competition, some wonder why they play and often threaten to quite. While it appears the sport may be losing momentum in America, you would never know it in the Land of Sunshine. Adults of all ages are still hitting plenty of winners. We have an opportunity to change the tide with the introduction of 10 and Under Tennis in the US. Finally, the USTA has introduced a modified version of the sport with foam balls, smaller racquets, smaller courts and lower nets. Perfect for the little person. We all need this. Children today are more sedentary and do more with their thumbs on a small key board than they do with their legs. Childhood obesity is at record levels leading to diabetes as well as cardiovascular complications. Adults do less with their children. We need to get involved. We need to get our children interested in tennis and to grow the game. We can teach them eye-to-hand coordination, interpersonal skills, how to be fair, and how to compete – all before they are 11 years old !! **Instead of progressing to increased morbidity and mortality, let's put them on the road to a competitive environment, social sports network, possible college scholarships and maybe produce a few professional athletes along the way. So get involved. Take your kids to a park or club and show them there is real tennis and not just virtual tennis – LET'S GROW THE GAME.**

*Mel Kropko, District President*

## 10 & Under Tennis “getting a grip” locally in Southeastern Michigan!

Since the rollout in January of 2011 of 10 & Under Tennis, Southeast Michigan facilities were quick to realize the growth potential of their junior programming in this age group by encompassing the transitional approach to teaching tennis. We now have more than 20 facilities that are official 10 and Under Tennis providers. Seven of our facilities have added blended lines to their existing courts

**and two facilities have added permanent 36' courts! This success is contagious, as more outdoor programs in the Parks are**

converting their programming to stay in step with the tennis revolution happening locally and across the country. With the USTA

National Office extending the 10 & Under FREE Membership promotion for new members to our organization, we have seized the opportunity to send each one of our new

young members a welcome letter, complete with available 10 and Under Tennis Provider listings, as well as a 10 & Under gift for some added fun. We also include a list of USTA

programming options for every level of play, including Play Days, Jr. Team Tennis and Jr.

Tournaments for the Novice, Intermediate and Advanced level player. Our goal is to give every new 10 and under tennis player an opportunity to participate in programming that fits their ability level; and a pathway to follow as their skills develop.

The “Blended Line” Look.

*Play Days are designed for various level players to participate in a fun, low pressure setting. A Play Day allows kids to have multiple matches with and against a variety of players in an informal, yet competitive venue without the threat of elimination.*

*Development and enhancement of skills in a fun atmosphere will increase their love of the game - not to mention snacks, beverages and prizes! USTA Membership not required. No to low cost registration fee.*

6 Year Old Glenn Adrian Moore, Jr. enjoys himself at a Play Day at Dearborn Racquet & Health Club!

*USTA Jr. Team Tennis is competition in a team setting. Kids play together on teams competing against other teams of similar ability. Jr. Team Tennis promotes social skills and important values by fostering a spirit of cooperation and unity, as well as self-growth. Also, it's a fun environment for kids to learn that, whether they win or lose, succeeding is really more about how they play the game.*

*Participating in their official 10 & under programming in-house, co-ed teams of 4-6 players were invited to a Team Invitational once a month (maximum of four teams per invitational) which included 2 hours of round robin tennis, snacks, beverage and participation ribbons for every player with a low per player cost of \$10-\$18. USTA Membership is required.*

## 10 & Under Tennis *continued...*

10 & Under Novice Tournaments are played on a modified court (60') with the Orange-Stage Tennis Ball. 8 & Under Novice Tournaments are played on a 36' court with the Red-Stage Tennis Ball.

A USTA Junior Tournament is a great way for kids to enjoy the thrill of competition by getting on the court, playing a variety of styles and making new friends. Competing in Junior Tournaments will help kids determine their personal goals for tennis --high school, college or pro tennis. With a range of levels from novice to national competition, tournament participation encourages player development and advancement.

New for 2011-12 is the addition of 10 & Under Novice Tournaments. Offering a compass draw for continuous play, these events take place in 3 hours or less. Prizes are awarded to the top four finishers with an extra award for sportsmanship. Every match win, gets a participating player one point on our Southeast Michigan 10 & Under Tennis Recognition List (posted on our website). Low entry fee of \$38. USTA Membership is required. USTA League is improving its structure to enhance your playing experience starting with the 2013 Championship Season. Under the new structure, the USTA League will have two divisions – Adult and Mixed. The Adult Division is broken down into 18 & Over, 40 & Over and 55 & Over and the Mixed will be 18 & Over. For more information on this new structure logon to [usta.com/league](http://usta.com/league)

#### What exactly is changing?

Previously, the USTA League was divided into Adult (18 & Over), Senior (50 & Over), Super Senior (60 & Over) and Mixed (18 & Over). The Adult Division was singles and doubles, while the Senior, Super Senior and Mixed were played as solely doubles matches.

The new structure will have just two divisions—Adult and Mixed. The Adult Division will be composed of 18 & Over, 40 & Over, and 55 & Over; the 18 & Over and the 40 & Over will feature both singles and doubles, while the 55 & Over will be solely doubles. The Mixed Division remains, competing in 18 & Over as before.

As before, participants will continue to compete at their NTRP level for each category.

#### Are the new Leagues in addition to the existing Leagues?

No. The previous League structure is being replaced with the new age realignment structure as per the divisions and age groupings detailed at right.

#### Why did the USTA make this change?

The decision to change the structure was made to better distribute USTA League participants among the three age categories—previously, the vast majority of USTA League participants fell in the “Adult” category (18 & Over), with far fewer in the “Senior” (50 & Over) and “Super Senior” (60 & Over) categories—and to better align participants with players their own age.

Existing data research, player surveys and player focus groups clearly indicated a need for age restructuring in order to provide more and better play opportunities, both for competitive and social reasons. Under the old model, players were of the same ability but not necessarily of the same playing style or fitness level. The restructuring guarantees more frequency of play opportunities at more appropriate age divisions.

#### What are the benefits of making this change?

Research indicates that age restructuring should provide the majority of players with additional play opportunities and produce more competitive match play, which will result in more accurate ratings. The changes also allow players to play in more homogenous groupings should they so choose. (That is, older players will retain the option of playing in the younger age levels while now also having a group reserved for those closer to their age.)

## Southeast Michigan's Crème of the Tennis Crop Honored at our 2011 District Awards Banquet

Last November at our Annual Awards Banquet, our District took time to acknowledge some of our young players and adults who exemplify the good in tennis.

### THE HOXIE AWARD

The Jean and Jerry Hoxie Memorial Award is given to a young male and female tennis player in Southeast Michigan who has made a great contribution to the game of tennis through their good sportsmanship and achievements both on and off the tennis court.

2011 Female Hoxie Award Recipient:  
**GABRIELLA SPINDLER**

Gabriella (Gabby) is a three-year member of the Clarkston Varsity Tennis Team, where she has won All-State, All-Region, All-County and All-League every year. Starting her HS tennis career undefeated at #2 singles, she has played #1 singles since with an overall record of 60-6. Gabriella is a four star player on CollegeRecruit.com and has been recognized by the US Naval Academy and West Point Military Academy as an outstanding student and athlete, which has led to both academies recruiting her for their programs.

With a SEMTA #5, Midwest #33 and National #307 ranking, Gabby has consistently finished in the top tier of the SEMTA Muthig Jr. Qualifier, earning her a spot on the Girls 18s Midwest Cup Team the past two years.

Gabby holds a cumulative 3.9 GPA, is an active member of the National Honor Society and takes a complete AP class load. She volunteers her time in the community helping young tennis players at both Deer Lake Athletic Club & Genesee Valley Tennis Club as well as **helping out at her doctor's office when needed.** In her spare time, Gabby enjoys reaching, going to movies and hanging out with friends.

Gabby has accepted the offer to attend West Point Military Academy, who has made her their number one female (all sports included) recruit. She plans to pursue medicine and eventually, medical research.

**Award was presented by Gabriella's High School Coach, Becky Freeman, and Private Coach, Gilbert Rincon.**

*Gabriella was also honored with the USTA Midwest Section's Helen Shockley Award at their Spring Awards Ceremony on April 21st. The Helen Shockley Award recognizes the outstanding 16 or 18-and-under age division female player for the highest standards of tennis accomplishments, character, conduct, sportsmanship and amateurism.*

2011 Male Hoxie Award Recipient:  
**ANDREW CAHN**

Andrew attends West Bloomfield High School where he has played varsity tennis for four years. A 3-time all-state, 4-time all-regional and 4 time all-league player, Andrew co-captained the team in his senior year and finished second in the state in No. 1 singles. These impressive tennis accomplishments earned Andrew the most coveted Michigan High School Athletic Association's "Mr. Tennis" award.

**Andrew's achievements in USTA tournament play** are equally impressive. He has held a top 5 SEMTA ranking as well as being top 200 in the nation and **was a member of SEMTA's 2011 Midwest Boys' 18's Cup Team.**

A 3.5 GPA honor roll student, Andrew has taken AP and honors classes with a focus on mathematics. His plans are to pursue a business degree in college and play tennis as well.

**"The best thing about junior tennis is the people I've met, the friends I've made and the coaches who've helped me", says Andrew which shows how much tennis means to him.**

Andrew assists with educational workshops for youth at his synagogue and has also volunteered at JARC (an organization that supports adults with disabilities) on a weekly basis for two years. Following his love of tennis, Andrew has also helped teach tennis at the Sports Club of West Bloomfield.

**Award was presented by Andrew's high school coach, Larry Stark and private Coach: Chris Shaya.**

## THE WILLIAM F. BEYER AWARD

The William F. Beyer Award (named after one of the first SEMTA presidents) is given to an individual who has contributed immeasurably and unselfishly to tennis.

2011 Beyer Award Recipient:  
MICHAEL C. WARE

Mike Ware is a tennis legend synonymous with the Competition Training Centers that have been in existence since **the early 1990s**. USTA's purpose of the Training Centers was to bring together the top competitive junior players (ages 13 and under) for a chance to work on their on-court tennis skills without competitive pressure of tournament play. Clubs donated court time to host one of the Competition Training Center sessions which ran monthly from September through May. The selected participants were given an opportunity to work with different coaches in an array of drills and match play. There were also off-court sessions on fitness training, nutrition and sports science education.

Mike Ware was presented with an opportunity to serve as administrator of the Competition Training Center program offered in Southeast Michigan and has held onto those reins for the past 18 years – securing courts, setting the schedule, selecting the participants, hiring the coaches, seeking presenters... **always trying to keep it fresh and exciting for the young, talented players.** A lot has changed in 18 years: players travel across the country in pursuit of tournament ranking points, kids work with personal trainers and coaches to maximize their potential, there is pressure to stand out from the rest – **academically and athletically. That hasn't stopped Mike.** Each season Mike has been steadfast in identifying those players who show promise and offering them a unique opportunity of self-improvement in an environment that shapes them into better tennis players.

**Mike's introduction to tennis came early** – at age four, his tennis playing parents had him on the court! **Throughout high school, tennis wasn't the only sport he enjoyed.** He played baseball, soccer and basketball, too. He excelled in tennis which eventually **landed him on the Men's Professional Tour in the late 1970's.**

Mike, a University of Michigan graduate (PhD), is a

licensed clinical psychologist and the clinical supervisor of Outpatient Behavioral Services for the St. Joseph Mercy Health System. He is a member of the American Psychological Association and serves as coordinator of Sport and Performance Psychology Services frequently working with professional, collegiate and Olympic athletes.

Mike is also Tennis Director at Huron Valley Racquet Club in Ann Arbor. **His philosophy is, "have fun" with tennis. He likes teaching tennis to young people as it "keeps him young". He also enjoys spending time with his wife, Lin, and their children, Mike Jr. and Alexandra and is a big fan of Michigan football.**

Award was presented by Mike Graff, Past SEMTA President.

## DARLEE TOWLER AWARD

The Darlee Towler Memorial Award is given to a USTA League player in the Southeast Michigan District who best reflects the qualities that Darlee exhibited as a captain, player and supporter of the USTA League program: honesty, sincerity, loyalty, good sportsmanship and leadership with a commitment to growing tennis.

2011 Towler Memorial Award Recipient:  
USTA League Captain, (the late) MICHAEL SHERIDAN

Mike was born and raised in Dearborn Heights. He graduated from Catholic Central and the University of Detroit, majoring in business and **receiving a master's degree in finance.** He worked as a CPA in Livonia enjoying summers **on his grandparent's farm in Boyne Falls.**

Growing up, he loved playing baseball and enjoyed all sports, but did not begin playing tennis until **his late 40's. He joined the Farmington Tennis Club and started playing USTA League tennis in 1999.** He Captained his first USTA League team in 2000. Since that time, he played on 29 USTA League teams, captaining six, nearly all of which made play-offs.

Mike had all the qualities possessed by successful Captains in terms of recruiting, organizing, strategy, team building, and putting his players in positions to succeed. He was smart, organized, and personable;

a success in life long before he discovered tennis. He attracted good players (and better people) to every team of which he was a part. Many of those that played on his early teams still play USTA Leagues and have gone on to Captain multiple teams themselves. His teammates were not junior champions or former college players, but rather family oriented, professional people with busy lives and careers who were fortunate enough to discover the great sport of tennis later in life.

When competing with Mike Sheridan, it was easy to get hooked. He was very fair, accepted losing as part of the game, and provided a great example — on and off the court. Those that played on his teams often became and remained active friends to this day.

Mike last Captained a 3.5 Senior team out of Farmington in 2010, but due to his battle with cancer, could not continue with his Captain's duties. He took private lessons last year to see if he could relearn to hit a tennis ball and at least play in Organized Practices. It bothered him greatly to lose his ability to play tennis, as he truly loved the game and the friends he made along the way.

Mike passed away in October of 2011, after battling glioblastoma. He leaves behind his wife, Karen, their two sons, Bennett and Steven, and a huge contingent of past teammates that will forever consider him a great friend.

## 2011 Kaspers' Scholarship Recipients:

### MATTHEW HING

Matthew is a very well-rounded young man. He graduated from Ann Arbor Pioneer H.S. in the top 5% of his class with a 4.0 GPA while earning numerous accolades on the tennis court at the same time.

A recipient of the MHSAA Scholar Athlete Award, he is a three-time state semi-finalist and possesses many individual sportsmanship awards. A student council representative and member of the National Honor Society, Matthew also volunteered his time to teach tennis to middle school students for the Ann Arbor Community Tennis Association.

Matthew learned many things from tennis, not the least of which is the value of teamwork and the "family" that develops as a team works together for a common goal.

**Matthew's favorite tennis memory is of his senior year at the state tournament.** The team came in second place and after the trophy presentation, the team huddled for the last time that season. For many of them, it was the last time as teammates of their high school careers. They quickly realized that all of the fun memories of the tennis season dwarfed any lingering disappointment of finishing second. **Matthew says, "Our team became truly close over the year and the comfort and solace provided by that camaraderie is what comes to mind first when I think of tennis".**

Matthew has taken his love of tennis and his outstanding academic achievements to Notre Dame where he is currently studying pre-med and playing tennis.

### RACHAEL HUBERS

**Rachael's exposure to the tennis world resulted in not only positive experiences on the court, but valuable life lessons as well.** Rachael attended Cranbrook Kingswood. While there, she maintained an impressive 4.0+ GPA, ranking her in the top 5% of her graduating class. She played on the varsity tennis team and served as the captain in both her junior and senior years. In addition, Rachael was active in numerous volunteer experiences including the Horizons Upward Bound Summer Tennis Program, time donated weekly at William Beaumont Hospital and being involved in the band, school newspaper and her church youth group.

**Rachael's fondest tennis memory is from the state championships her senior year.** The meditations and reflections shared by teammates during a quiet time as a team, solidified her belief in the camaraderie of tennis teammates. **"Just hearing each girl—each one of different ages and levels—coming together and voicing her emotions about that day and her excitement about how well the team did was so inspirational. As a captain, I was proud to see my teammates grow this close and be so supportive of one another."**

Rachael is currently attending Southern Methodist University. She is playing on their club tennis team while majoring in business and pre-med.
