### MISCELLANEOUS/GENERAL PHILOSOPHY

- No limit to how many times a player can sub in and out of any particular court
- Somewhat equal playing time is highly recommended for all teams
- All extra players must be on designated court benches (obviously showing good sportsmanship) just like World Team Tennis, Davis Cup/Fed Cup
- Coaching of players on bench and during change-overs allowed
- Team winner is determined by total number of Games Won on both courts
- Importance of not “running up the score” in any given match or match-up
- Primary objective is for all players to have fun and enjoy the experience – keep kids in the sport!!
- Post-match snack time is highly recommended
